

Tank-trolley

This tank-trolley has a polythene tank, placed in a four-wheeled trolley on heavy pneumatic types.

The standard capacity of the tanks is 400, 500 or 600 litres.

Tanks in different sizes are also available. High-pressure-pumps can be assembled on every tank-trolley.

The possibility for assembling a reel on the trolley was also taken into consideration when developing this trolley.

Rest-liquid-tanks can also be fitted.

Looking to the future and the environment this has an interesting aspect

100 till 400 ltr. tank-trolley
